

Tell us what you think about our ideas for the new East Dunbartonshire Learning Disability Strategy 2024-2029

Tell us what you think

1. Do you think the idea is a good one?

Yes

No

Not sure

What this document is about

In this document we have used some words that not everybody will understand.

We have written these words in **bold**.

If you see a word written in bold it will be explained on the same page.

This is an easy read **summary** of the East Dunbartonshire Learning Disability **Strategy** for the years 2024 to 2029.

A **summary** is a short version of a report that tells you only the main points.

A **strategy** is a big plan that tells you what is supposed to happen.

East Dunbartonshire **Health and Social Care Partnership** want to know what you think about the new **strategy**.

Health and Social Care Partnerships were started so that local NHS and Council services work better together.

The report will tell you the ideas East Dunbartonshire Health and Social Care Partnership have to make support and services better for adults with a learning disability.

We want to know if you think the ideas will make things better.

Your answers to these questions will help to make sure that the **strategy** is about the right things.

What does the Health and Social Care Partnership want to do?

We want to provide houses for people with a learning disability as close to home as possible.

We want to review the current houses and living arrangements for the people we **accommodate** and make a plan to improve these if required.

When we **accommodate** someone, we provide them with a house and support staff.

We want to better support young people with a learning disability moving into adulthood. To do this we want to develop an **action plan**.

An **action plan** is a report that sets out the tasks we will need to carry out to make things better.

We want to improve the environment in our **short break** service and make sure it can better meet people's needs. We also want to develop different types of **short breaks**.

A **short break** involves opportunities for holidays or activities for a person with a learning disability that also benefits their carer.

We know the pandemic has been a difficult time for people with a learning disability. We want to help people to make a positive recovery.

We want to seek feedback from people with learning disabilities and their carers at least once a year and use this feedback to improve services.

We want to better support people with a learning disability to have healthy relationships by ensuring staff know how to respond when there are concerns.

What do you think?

Do you think these are the right things to do to make support and services better?

Please put a mark in the box for your answer.

If you are filling out the form electronically, click in the box against your answer and a tick will appear.

 Yes	<input type="checkbox"/>
 No	<input type="checkbox"/>
? I am not sure	<input type="checkbox"/>

If you want to tell us more please write or type it in this space.

When you have finished, please print pages 7 to 10 of the form and drop them into one of the offices below for attention of Gayle Paterson:

Kirkintilloch Health and Care Centre

10 Saramago Street, Kirkintilloch

G66 3BF

Or

Allander Resource Centre

Milngavie Road

Bearsden

G61 3DF

You can also fill out this form electronically, save it, and email it to:

Gayle.Paterson@eastdunbarton.gov.uk

If you would like to fill out the online survey click on this link:
